EDUCATION

Aditya College Of Engineering And Technology (Surampalem)   June 2026
B.Tech

Divya Junior College (Rajanagaram)   June 2022
M.P.C

SUMMARY

Frontend developer skilled in **HTML, CSS, JavaScript, and React**, with hands-on experience building **real-world applications**, including a **full-stack flight booking system**. Strong in **API integration, JSON handling, and validation**, and motivated to build **scalable, user-focused solutions**.

SKILLS

Languages: C/C++, Python, Java, JavaScript/TypeScript, HTML/CSS
Tools: Git/GitHub, Vercel, Render, VS Code, Postman
Frameworks: React, Node.js, Express.js

PROJECTS

Weather Forecast Website | Live Demo *HTML, CSS, JavaScript, Visual Crossing Weather API, JSON, Git*   2024
- Integrated the Weather API to fetch real-time and location-based weather data
- Displayed temperature, humidity, and weather conditions with ˜95% accuracy and optimized API handling to return results within 1–2 seconds

Portfolio Website | Live Demo *HTML, CSS, TypeScript, ShadCN UI, Tailwind CSS, React, Git, VS Code*   2025
- Enhanced a personal portfolio website to showcase projects, skills, and experience
- Implemented clean UI layouts with smooth navigation across devices
- Optimized performance and user experience for faster load times

Flight Booking System - Live Demo | *React, Node.js, Express.js, MySQL, Sequelize, JWT, Tailwind CSS, Git*   2025
- Implemented a full-stack flight booking system supporting 3 user roles: admin, operator, and passenger
- Secured authentication and protected APIs using JWT-based authorization, reducing unauthorized access
- Built responsive dashboards with API response times of ˜3–4 seconds and real-time database updates

EXPERIENCE

APSCHE Internship | *Web Development Intern* — Certificate   May–July 2025
- Developed **3+ responsive web applications** using HTML, CSS, JavaScript, and React.
- Integrated **RESTful APIs** to fetch and display dynamic data, improving application interactivity .
- Collaborated with mentors to debug and optimize frontend code, reducing UI-related issues by approximately **30%**.

APSSDC Internship | *Android App Development Intern* — Certificate   May–July 2025
- Built **2 functional Android applications** using Java, focusing on clean UI design and smooth user navigation.
- Implemented core concepts such as **activity lifecycle**, intents, and layouts to ensure proper app behavior.
- Tested applications on multiple devices and emulators, identifying and fixing bugs to improve app stability.
